

MODEL TYPE **AG-800** **AG-801 W/DAMPENER**

The AG-800 is a light weight and compact, but rugged, semi-automatic stud welding tool designed to weld any length stud with a weld base diameter range of 12 gauge through 5/8 inches.

The AG-801 incorporates a plunge dampener in the gun to minimize weld spatter and provide better weld fillet control.

TYPICAL WORKING WEIGHT OF GUN

6.5 lbs.

Includes standard legs and foot piece plus 4 ft of cable from gun handle normally supported by operator.

SHIPPING WEIGHT OF GUN

10 lbs.

Includes standard legs and foot piece plus approximately 8 ft of #1 weld cable and connectors.

NOTE: Chuck and ferrule grip are not standard and must be ordered separately
